2022

Spring/Summer

for the English catalogue visit
www.decowoerner.com

Dear customers,

the aim of our spring/summer catalogue is to highlight the trends we will encounter at the beginning of 2022 and how you can best use them to present your products.

Unfortunately our printed catalogue is only available in German this year. The English catalogue is available online as a PDF file for you to leaf through and download: **www.decowoerner.com**

This year's catalogue is full of visual merchandising ideas, application examples and decoration tips, for plenty of practical inspiration. Get inspired! Your next VM idea might already be waiting for you. Whether it's a one-off or series production, no wish is too small or too big for us.

Let us help you turn your ideas into reality.

Have fun browsing and best regards

Herwig Ahlemeyer
Managing Director

U Female mannequin „Solid Grey“, grey matt, With head, sitting, dress size 36, shoe size 39, measurements 82/63/87 cm, 10,5 kg, very robust, light and versatile - this mannequin can do it all. The figure is made of recyclable ABS plastic and thanks to its low net weight it is very easy to handle and thus perfect for frequent change of clothing. The modern matt look and the abstract Egghead design can be adapted to any kind of fashion style. Plastic figures are almost unbreakable and very resistant to scratches and falls. Price per piece.

more information online

www.decowoerner.com

A Levels of nutrition, 49 part, with the help of the complete set „Levels of nutrition“, the different areas of daily food intake can be represented symbolically and particularly clearly.

Each of the four levels stands for a food group: from the lowest level with pleasure foods, which we should rather consume in moderation, to animal foods followed by food rich in carbohydrates, up to the highest level with healthy fruits and vegetables.

The individual food sections (B-E), as well as the acrylic glass presenter set, can be ordered individually as a set. **299,-**

GREEN SUPERFOOD DUMMIES

The surprisingly authentic feel and the almost real weight make these replica almost indistinguishable from the original. Therefore, they are particularly useful in window displays as a substitute for perishable foods.

- ✓ real weight
- ✓ natural feel and grip
- ✓ light and form resistant
- ✓ washable up to 40°C

Food replica, the very realistic product quality make these articles almost indistinguishable from real food products. The natural grip and very realistic weight make them almost indistinguishable from real food. All articles are handmade in Germany and are inspired by a real life counterpart. Suitable as a replacement for perishable food products for shop window decorations, decor for specialty shops, teaching tools for schools and nutritional counselling, props for films, theatre, TV and food photographers.

Wisteria or Wisteria is very suitable for romantic flower decorations on the theme of wedding and spring. As a hanging floral decoration the flowering twigs, lavishly decorated, are a splash of colour in any room. The artificial decoration branch consists of three pigeon-shaped hanging flower panicles with beautiful, lively looking textile petals and green foliage. The bendable plastic style can be easily bent into shape.

Cactuses

Artificial cacti are attractive decorative plants are suitable for decoration themes such as desert, safari or Mexico. This artificial cactus is made of high-quality PE plastic material and features a realistic surface that is covered with soft thorns. The cactus with multiple arms is firmly planted in a black pot for a more stable stand.

A Ficus Benjamini Tree, green/white, the ficus tree or Ficus Benjamini is one of the most popular classics among the artificial trees. A realistic decor with the typical vibrant blossoms, branched, dense treetop and the multi-part liana trunk made of real wood give this artificial ficus tree its natural appearance. Artificial plants can be used for many years, while retaining their beautiful appearance, they can also be set up in dark corners and require no care. Just put the artificial tree in an overpot and it is immediately ready for use and perfect as a decoration in the entrance, foyer, spa area or shop window. The plant comes planted in a pot made of plastic. Price per piece.

HOUSEPLANTS

This beautiful, artificial plant looks very realistic and is almost distinguishable from the real plant thanks to modern plastics and its natural colour and surface. Artificial plants are easy to maintain and clean off dust and dirt. The decorative plant comes in a pot and can be positioned out-of-the-box to lighten the atmosphere of dark rooms or staircases. Price per piece.

height 31 cm

H Female bust torso
only **19,90**

height 29 cm

Self-standing female torso for the presentation of lingerie sets and clothing. The advantages of a torso are the ease of use - they can be transported easily, because they are much lighter than a complete mannequin. Due to the lower overall height of the torso it can be placed on a table in your shop at an eye level. The torso is made of very stable plastic with silky matt surface and comes without a base stand. Price per piece.

Great stability and versatility are the main features of these metal hangers. With their timeless design they fit in every shop concept and stand out thanks to their functionality: Metal coat hanger with shaped head keeps collars and clothing in great shape and is ideal for hanging up jackets, shirts or blouses. The non-slip rubber coating prevents the garment from slipping and keeps everything in order on the clothes stand. Water repellent, with chrome-plated hook. High-quality product „Made in Germany“.

MARKET TROLLEY

Put your products in the spotlight with the extraordinary and mobile presentation trolley! The market trolley can be used in many different ways as a sales table in the shop, a presentation table in the supermarket or as a buffet trolley for large and small occasions in gardens or event areas. The decorative trolley is weatherproof and very durable thanks to the high-quality manufacturing process. The total load capacity of the trolley is approx. 65 kg.

The base frame is made of robust, varnished metal with wheels and low-maintenance, solid rubber tires. A solid wooden brake block is included to prevent the trolley from rolling away. The wooden board is made of robust mango wood with a rough grain, which can be used in the manufacturing of furniture as well as other areas. The board is covered with clear varnish, which makes it weather-proof and suitable for outdoor use. Delivered in a disassembled state with instructions for a simple DIY assembly. Please note a delivery time of 6 weeks.

SIDE TABLES

A Table set „Hexagon“, 24 x 28/30 x 36 cm (H x W), stylish, easy to mix and match and flexible - this table set in an industrial style opens up many possibilities. The combination of nature and a modern metal design adds a sense of lightness to your rooms. The modern side table set is based on a 2 cm thick board made of real wood and a stable metal frame, 3 mm round pipe with metal varnish. 2-piece set. 6800.664.141.00 ~~54,90~~ **35,90**

Metal presenter, side table, room divider, book box and plant container in one - this practical all-rounder in a simple, Scandinavian design can be adapted to every style of furnishing. These metal presenters can be used as room dividers and offer business premises and entrance areas an impressive ambience and enhances dark corners. Two metal boxes in different sizes in a trendy matt black finish. Powder-coated surface for longevity. Round tube frame Ø 10 mm and extension are supplied separately, easy self-assembly (assembly key included). Price per 2-piece set.

QUALITY/PRICE

TIPA Ladder shelf
only **129,-**

A Ladder shelf, 100 x 150 x 38 cm (W x H x D), the Maxi version of this vintage ladder in a country home style has three levels and offers plenty of room for things such as flowers and decorative accessories. Three wooden boards with guide rail fixate the ladder and prevent accidental collapsing. Shelf dimensions: 50 x 30 cm, 80 x 30 cm and 110 x 30 cm (L x W). Folding ladder made of white limed wood. Price per piece.

Decorative wooden boxes with a beautiful patina and signs of wear and tear add a unique and creative ambience to your rooms. The robust multi-purpose box in a trendy used look can be utilised as a fruit box, wine box, shelf, side table or seating element. By utilising the used wooden box you also contribute to the upcycling process. The natural grain and individual wood colour make each wooden box unique. Signs of weathering, wear and tear are intended and not a defect. Price per piece.

#Decorating tip

Decorative grills are very useful to present goods in a striking way. The grill display is an essential accessory for presenting products thanks to its versatility and effective use of the space. A number of variations allow you to easily change the presentation and give your shop windows an interesting and pleasant appeal. After you installed the display, the creative possibilities are endless and you can either present decorations or a selection of products. Light sources above the grill and on the ceiling are still the best placement for the light thanks to the „transparency“ of the grill.

COTTON FABRICS

width 160 cm, 100% cotton,
price per m

A Nettle, 160 g/m², is a robust and natural fabric, it can be used for sewing, gluing, stapling and can be dyed and impregnated easily. As window or wall cover and creates a pleasant interior atmosphere. Can be used as a sun protection or awning, it can also withstand a quick shower if it is impregnated.

GLOSSY VARNISH FOIL

A width 130 cm, 180 my, ca. 240 g/m², PVC, our lacquer foil impresses with its premium quality finish - tear-resistant, lightfast, colourfast and also available in flame-retardant on request. Due to its thickness, lacquer foil is ideal for use as a stretch ceiling. Lacquer foil is used as a surface covering for events, trade fair construction, exhibitions and market stalls. It is ideal for marquee sets, festivities, summer parties and outdoor events, in the catering sector and for party and catering services. For individual and fancy decorations or costumes, lacquer foil is very easy to process, cut, glue, weld or staple. The film has a glossy film and is opaque, conformable, easy to clean and wipe clean. Choose from our wide range of colours and benefit from our great price/performance ratio. The lacquer film is supplied duplicated for production reasons and is supplied, for example, as a 2 x 1 m blank when ordering 2 m, with the glossy sides on top of each other for protection.

Price per m.

Sample card Glossy foil, price per piece
6801.109.000.00 **10,-**

Please note:

Due to production-related reasons all PVC comes rolled in two layers. **The shiny sides are laying facing each other.** So if you order 10 m of kiss laminated will arrive as 5 m. **Just pull the PVC apart.**

FLAME RETARDANT FOIL IN A PUNCHED-OUT DESIGN

16 COLOURS TO CHOOSE FROM

Shine and glitter - with this extraordinary film in flower shape you can achieve impressive decorations and effects. With it, any sophisticated design will find exactly what it's all about - attention! The decorative film is flame retardant and ideal for decorations in public buildings, shopping centres or at trade fairs. The 35 µm vinyl film consists of flowers punched out on one side and is a great eye-catcher on presentation surfaces, in shop windows as wall or floor coverings, as table decorations, as party decorations or in costume and carnival areas. Please note: for technical reasons, you will receive rolls of 9.2 m or more per roll. Individual cuts with different dimensions are possible, the cutting price per cut is 2,50 €. Price per m.

7 mm pile height

Artificial turf is the perfect flooring for many indoor and outdoor areas. It creates a natural atmosphere on the terrace or balcony and is the perfect solution for commercial areas such as trade fairs, events, hotels, etc. as it complies with fire safety standards in public buildings. The high-quality production of environmentally friendly polypropylene makes it extremely durable and sturdy - artificial turf is colour-fast, easy to clean, withstands high loads and straightens up immediately. Its particularly soft structure is the result of the tufted production process. Latex back coating for better stability. The lawn carpet can be easily cut to the appropriate size without fraying, which makes it easy to install.

A Standard mat, 200 x 100 cm, 7 mm pile height, fire safety classification EN 13501-1, class Cfl-s1, price per piece

UNWINDER

EXCLUSIVE SERIES VARIO

✓ jagged knife for paper and foil

The VARIO line comes with a serrated blade as standard for tearing paper or various foils. The rolls can be changed quickly and easily because the VARIO unwinder has a foldable tearing rail and comes with an extended axle fixture. The VARIO system offers a very sturdy construction which makes it possible to be operated with only one hand. Springy tearing rail for consistent pressure und optimised tearing, replaceable rigged rail for paper and foil as well as matt black carrying elements made of high-quality polyamide. Applicable for paper and foil rolls up to Ø 24 cm and max. 24 kg. - „Made in Germany“ is synonymous for safety and quality. Price per piece.

We offer a professional all-inclusive service with assembly, dismantling and storage as well as the development of prototypes and samples. Your wish is our command.

OVER 96 YEARS OF EXPERIENCE

After more than 100,000 customised products & projects there is almost nothing we have not seen yet! You benefit from our experience and almost a century of market and product know-how.

IN-HOUSE DESIGN DEPARTMENT

Individuality is key! Our creative team is happy to help with designs and suggestions for the development of samples/prototypes, custom products and suggestions for the optimisation of articles.

360° SERVICE

We have an eye on the big picture as well as on the smallest details. Whether you need in-house development, storage - before or after the purchase -, installation service or the procurement of certificates: we offer a wide variety of services.

LOGISTICS & PRODUCTION

Our efficient logistics centre is able to handle large international corporate orders and different branches with just-in-time delivery. We deliver on time thanks to our audited, worldwide network of suppliers and manufacturers.

General terms and conditions for commercial customers and freelancers (Last updated 11.11.2021)

§ 1 General - Scope

(1) Heinrich Woerner GmbH (hereinafter referred to as WOERNER) offers and renders all services only on the basis of its general terms and conditions. These contractual terms and conditions shall apply exclusively to entrepreneurs within the meaning of § 14 BGB (German Civil Code). Separate contractual conditions apply to consumers. (click here)

(2) All agreements made between WOERNER and the customer for the purpose of executing this contract are set out in writing in this contract.

(3) The terms and conditions of the contract shall apply exclusively; terms and conditions of the customer that conflict with or deviate from the terms and conditions of the contract shall not be recognized unless WOERNER expressly agrees to their validity. The contractual terms and conditions shall also apply if WOERNER carries out the delivery to the customer without reservation in the knowledge of conflicting or deviating terms and conditions of the customer. The contractual conditions shall also apply to future transactions with the customer, even if they have not been explicitly included again in such transactions.

§ 2 Offer

(1) Advertisements, catalogs and especially the presentation of the goods in the online store do not constitute a binding offer for the sale of the goods by WOERNER.

(2) The customer may submit the offer by telephone, in writing, by fax, by e-mail or via the online order form integrated in the online store. In case of an order via the online order form, the customer, after entering his personal data and by clicking the button „Buy“ in the final step of the ordering process, submits a legally binding contract offer with regard to the goods contained in the shopping cart.

(3) WOERNER can accept the customer's offer by a written (letter) or electronically transmitted (fax or e-mail) order confirmation or by immediate delivery of the goods. Only by this the sales contract is concluded. WOERNER is entitled to refuse the acceptance of the order. This applies in particular if a product is not available despite timely disposition for reasons beyond WOERNER's control.

(4) Order processing and contacting usually take place via e-mail and automated order processing. The customer has to ensure that the e-mail address provided by him for order processing is correct, so that e-mails sent by WOERNER can be received under this address. In particular, when using SPAM filters, the customer must ensure that all e-mails sent by the seller or by third parties commissioned by the seller to process the order can be delivered.

(5) For the countries Germany, Austria, Switzerland or France, a small quantity surcharge of EUR 10.00 net shall apply for orders with a goods order value of less than EUR 30.00 net. For all other countries, a minimum quantity surcharge of EUR 15.00 net shall apply for orders with a goods order value of less than EUR 100.00 net.

§ 3 Place of performance/transfer of risk

(1) The place of performance for the mutual performance obligations shall be the branch office of WOERNER.

(2) The risk of accidental loss of the goods shall pass to the customer upon handover to the carrier. WOERNER shall insure the goods at the customer's expense against the usual transport damages at the customer's request.

§ 4 Delivery

(1) Unless expressly stated, delivery dates quoted are non-binding.

(2) Compliance with delivery obligations shall be subject to the timely and proper fulfillment of the customer's obligations. WOERNER reserves the right to plead non-performance of the contract.

(3) If the customer is in default of acceptance or culpably violates other obligations to cooperate, WOERNER shall be entitled to claim compensation for the damage incurred in this respect, including any additional expenses. WOERNER reserves the right to assert further claims.

(4) If the conditions of paragraph three exist, the risk of accidental loss or accidental deterioration of the goods shall pass to the customer at the time the customer is in default of acceptance or debtor's delay.

(5) WOERNER is entitled to make partial deliveries as far as they are reasonable for the customer. These are independent services and can be invoiced independently.

§ 5 Prices and terms of payment

(1) The stated prices are net prices plus VAT and are valid „ex works“. The costs for special packaging requests are to be borne by the customer.

(2) Unless otherwise stated in the order confirmation, the purchase price (without deduction) is due for payment within 14 days from the invoice date.

(3) For new customers and all orders via the online store via the Internet and orders from abroad, the customer is obliged to pay in advance unless otherwise agreed. In this case WOERNER is obliged to ship the ordered goods within 14 days after receipt of payment, unless otherwise agreed.

(4) If the customer does not pay due invoices, exceeds a granted term of payment or if the financial situation of the customer deteriorates after the conclusion of the contract or if WOERNER receives unfavorable information about the customer after the conclusion of the contract which calls into question the solvency or creditworthiness of the customer, WOERNER is entitled to provide further services only against advance payment. This applies in particular as soon as an application for the opening of insolvency proceedings is filed.

(5) The customer shall only be entitled to set-off rights if his counterclaims are legally established, undisputed or acknowledged by WOERNER. Furthermore, he shall only be entitled to exercise a right of retention insofar as his counterclaim is based on the same contractual relationship.

(6) The customer shall be in default without any further declaration

by WOERNER 14 days after the due date of payment. In the event of the existence of defects, the customer shall not be entitled to a right of retention insofar as this is not in reasonable proportion to the defects and the anticipated costs of subsequent performance.

(7) Unless otherwise agreed, shipping costs shall also be borne by the customer. The shipping costs by delivery countries can be found in the webshop under: „Our delivery countries“.

| Parcel shipping costs | per order |
|-----------------------|-----------|
| Germany | 7,50 € |
| Austria | 9,50 € |
| France | 20,00 € |
| Spain | 25,00 € |
| Belgium | 20,00 € |
| Netherlands | 20,00 € |
| Denmark | 20,00 € |
| Italy | 25,00 € |
| Sweden | 30,00 € |
| Portugal | 30,00 € |
| Switzerland | 30,00 € |

Shipping costs for other countries and freight forwarding shipments according to the shipping costs table in the webshop.

Bulky goods are charged at a flat rate:

Germany: parcel price + 20,00 €
Abroad: parcel price + 30,00 €

For details, please refer to our table in the webshop at www.decowoerner.com. Countries not listed are available on request. Island surcharges are always calculated separately.

In the case of orders from outside the Federal Republic of Germany, any additional public costs such as customs duties, import/export duties, etc. shall also be borne by the Customer.

(8) The EURO shall be the currency for payment of the purchase price. All prices refer to EURO. A change in the currency parity for orders from abroad has no influence on the purchase price owed. The purchaser shall bear the currency risk in this respect.

(9) Payment by credit card. The credit card will be charged upon completion of the order.

§ 6 Retention of title

The goods remain the property of WOERNER until complete fulfillment of all claims WOERNER has against the customer arising from the business relationship.

In case of resale of the goods, the customer hereby assigns his claim from the resale against his buyer with all ancillary rights to WOERNER by way of security, without the need for any further separate declarations. However, the assignment shall only apply to the amount corresponding to the price of the goods invoiced by WOERNER. The part of the claim assigned to WOERNER shall be satisfied with priority.

§ 7 Obligation to give notice of defects

If the customer is a merchant according to § 1 HGB (German Commercial Code), claims for defects of the customer presuppose that the customer has duly fulfilled his obligations to examine the goods and to give notice of defects according to § 377 HGB. Any defects discovered must be reported in writing without delay.

A customer who is not a merchant according to § 1 HGB is obliged to notify WOERNER of a defect in writing within two months after the time at which he has discovered the defect. This provision does not constitute a preclusion period for the customer's rights in respect of defects.

If the shipment is at the risk of WOERNER, the customer is obliged to notify the carrier of obvious transport damages upon acceptance of the shipment. In the event of transport damage, the customer must also retain the original packaging and document any packaging defects, insofar as this does not represent an unreasonable effort. Insofar as WOERNER cannot assert claims for compensation against the carrier due to a breach of these obligations, the customer shall be liable for damages in the event of a culpable breach of these obligations.

§ 8 Warranty rights

(1) Claims for defects shall not exist in case of only insignificant deviations from the agreed quality or only insignificant impairment of usability.

(2) WOERNER shall be entitled to remedy the defect or to deliver a new item. In the event of rectification of the defect, WOERNER shall be obliged to bear all expenses necessary for the purpose of rectifying the defect, in particular transport, travel, labor and material costs, insofar as these are not increased by the fact that the purchased item has been taken to a place other than the place of performance.

(2) If the supplementary performance finally fails or if it is not reasonable for the customer, the customer shall be entitled, at its option, to demand rescission or reduction in accordance with the statutory provisions.

(4) If the supplementary performance is carried out by way of a replacement delivery, the Customer shall be obliged to return the goods first delivered to the Seller within 30 days at the Seller's expense. The return of the defective goods shall be made in accordance with the statutory provisions.

(5) WOERNER may refuse subsequent performance if it would involve disproportionately high costs. In particular, the value of the item in a defect-free condition, the significance of the defect and the question of whether another type of subsequent performance would not result in a significant disadvantage for the buyer shall be taken into account.

(6) Claims for defects do not exist for:

- Defects in custom-made products based on the Buyer's design specifications.
- Damage resulting from normal wear and tear or improper handling.
- Technologically justified deviations in dimensions, form, material-related color deviations that cannot be remedied and for colors that do not match exactly in the case of several items of the same type that are customary in the industry.

(7) The customer undertakes to assert his warranty claims in the case of mail order purchases via WOERNER's claim forms, provided they are enclosed with the shipment.

§ 9 Liability for defects

(1) WOERNER is liable for intent and gross negligence of a representative or vicarious agent according to the legal regulations. Apart from that WOERNER shall only be liable according to the Product Liability Act, for injury to life, body or health or for culpable violation of essential contractual obligations.

(2) Damages due to gross negligence as well as the violation of essential contractual obligations, which have not been committed intentionally, are limited to the foreseeable damage typical for the contract, if no injury to life, body or health is given.

In the event of liability due to delay in performance, WOERNER's liability for damages in addition to performance shall be limited to 10% of the value of the order and for damages in lieu of performance to 50% of the value of the order.

In the event of liability due to impossibility of performance, the customer's claim for damages in addition to or in lieu of performance and for reimbursement of futile expenses shall be limited to 50 % of that part of the delivery which cannot be used due to the impossibility.

Damages to other legal assets of the customer shall be excluded entirely if they are not based on intent or gross negligence or injury to life, body or health.

(3) The provisions of paragraphs one to three shall apply to damages in addition to performance and damages in lieu of performance, irrespective of the legal grounds, in particular also to claims in tort. They also apply to the claim for compensation for futile expenses.

§ 10 Statute of Limitations

(1) Insofar as a new item is the object of delivery, the limitation period for claims for damages due to defects - irrespective of the legal grounds - shall be one year.

(2) The limitation periods according to paragraph one shall also apply to other claims for damages against WOERNER, irrespective of their legal basis. They shall also apply insofar as the claims are not related to a defect.

(3) The limitation rules of paragraphs one to two shall only apply subject to the following provisions:

(Instead, the statutory provisions shall apply)

a. The limitation periods shall generally not apply in the event of intent.

b. The limitation periods shall not apply if WOERNER has fraudulently concealed a defect.

c. The limitation periods shall not apply to claims for damages in cases of injury to life, limb, health or freedom, in the case of claims under the Product Liability Act, in the case of a grossly negligent breach of duty or in the case of culpable breach of essential contractual obligations.

§ 11 Copyrights/Competition Rights/Trademark Rights

(1) Insofar as the customer provides templates or design elements such as texts, photographs, data sets and graphics for the product design, or provides corresponding specifications for the product design, the customer assures that no copyright, trademark or other rights of third parties exist for these or that the necessary approvals have been obtained.

(2) In this respect WOERNER shall not be liable to the customer for the infringement of third party rights.

(3) The customer agrees to indemnify WOERNER from all claims of third parties, which arise against WOERNER due to a customer behavior contrary to paragraph 1.

§ 12 Miscellaneous

The law of the Federal Republic of Germany shall apply; the validity of the UN Convention on Contracts for the International Sale of Goods is excluded.

If the customer is a merchant according to § 1 HGB (German Commercial Code), the place of jurisdiction is WOERNER's place of business; however, WOERNER is entitled to sue the customer at the court of his place of residence.

Data protection notice - Conversion Tracking

We use the online advertising program „Google AdWords“ and, as part of Google AdWords, conversion tracking. The cookie for conversion tracking is set when a user clicks on an ad placed by Google. These cookies lose their validity after 30 days and are not used for personal identification. If the user visits certain pages of the AdWords customer's website and the cookie has not yet expired, Google and the customer can recognize that the user clicked on the ad and was redirected to this page. Each customer receives a different cookie. Cookies can therefore not be tracked across AdWords customers' websites.

The information obtained using the conversion cookie is used to create conversion statistics for AdWords customers who have opted for conversion tracking. Customers learn the total number of users who clicked on their ad and were redirected to a page tagged with a conversion tracking tag. However, they do not receive information that personally identifies users.

If you wish to disable conversion tracking cookies, you can set your browser to block cookies from the domain „googleadservices.com“.

Further information on the topic of „data protection“ within the framework of the online advertising program Google AdWords can be found here: http://www.google.de/privacy_ads.html.
