**2021**  
Autumn/Christmas

for the English catalogue visit  
[www.decowoerner.com](http://www.decowoerner.com)

The title offer can be  
found on page 111.

Dear customers,

with our Autumn/Christmas catalogue, we would like to show you which trends we will encounter at the end of 2021 and how you can best present your products with our help.

Unfortunately our printed catalogue is only available in German this year. The English catalogue is available online as a PDF file for you to leaf through and download: **[www.decowoerner.com](http://www.decowoerner.com)**

This year's catalogue is full of visual merchandising ideas, application examples and decoration tips, for plenty of practical inspiration. Get inspired! Your next VM idea might already be waiting for you. Whether it's a one-off or serial production, no wish is too small or too big for us.

Let us help you turn your ideas into reality.

Have fun browsing and best regards

Herwig Ahlemeyer  
Managing Director

# MUST HAVE FABRIC BANNER

## 100 x 200 cm (W x H)

These textile banners with bright autumn motifs create an effective look and are perfect eye-catchers in autumn decoration as window decorations or wall hangings. Shop windows, waiting rooms and entrance and foyer areas can be quickly redecorated to always remain interesting for customers. Printed on one side and **UV-resistant textile fabric** with low own weight (110 g/m<sup>2</sup>) in flame-retardant quality - fire protection class DIN 4102-1. For crease-free hanging, the fabric banner is equipped with 2 round wooden poles at the top and bottom.

100 x 200 cm (W x H)

# CHRISTMAS TREE BALLS

## INDOOR AND OUTDOOR AREAS

Be inspired by our sizes - and variety of colours! Find the perfect Christmas balls at DekoWoerner and take advantage of our fair prices. The classic Christmas balls are evenly round and coated with **glossy varnish**, as a **matt version** or coated with **glitter**, which additionally enhances the gloss factor for an extra spark. Order our practical S-shaped ball hangers as well! The cap of the balls can be firmly attached to the respective branch and can be hung somewhere else quickly and easily.

Giant Christmas bauble  
from **29,90**

**#huge**  
*Large Christmas baubles attract all eyes and may quietly unfold their splendour in many places. They wonderfully reflect the LED light of festive fairy lights and do not miss their effect. The gigantic decorative balls can be laid out or hung up individually or in groups. Our plastic Christmas baubles are unbreakable and thus wonderfully suitable for outdoor use. In the entrance area, garden or on the terrace, they create an impressive atmosphere.*

## THE LUXURIOUS ONE

Impressive size and luxurious design - high-quality and lush in its needle and branch structure, this fir looks amazingly realistic. The beautiful silhouette is emphasised perfectly by the branches which are arranged in different levels. Dark green PE needles in light tones, pointed branches and the brown pattern on the centre branch make our **red pine** look even more natural, only the pine scent is missing. Easy assembly and disassembly, just push the branches into place. The bending of branches is not really necessary.

## THE MAGNIFICENT ONE

Illuminated **Nordmann fir** in a perfectly natural look for an atmospheric Christmas! A generous silhouette with even and yet somewhat asymmetrical barking gives this artificial fir its special and very pleasing appearance. Fir needles in classic PVC quality ensure an amazingly real appearance. For more fullness, the branches inside the fir are provided with Luvi foil needles. Thanks to the tiered arrangement of the branches, the Christmas tree is very easy to decorate. A robust metal tree body ensures strength and the longevity of the Nordmann fir. 3 sections to plug together, branches with hinged suspension ensure easy assembly, which can simply be folded outwards, just bend the fir branches into shape - done. Securely held in place by the sturdy stand supplied. The artificial Christmas tree leaves no needles on the floor and can be reused for many years. Automatic lighting - as soon as the switch is set to „Timer“, the tree lights up for 6 hours and then switches off automatically and on again automatically for another 18 hours. This way, you can create an atmospheric light during the Christmas season without any effort on your part.

## OUR BEST

The slightly bulbous and irregular shape of the side branches gives this fir tree its true-to-life appearance. That makes the **spruce** very popular with our customers. The slightly hanging look of the branches is achieved via the different levels and high number of needles, which makes it ideally suited for hanging decorative elements. The needles are made of a PE foils mix in a natural green tone offer a real premium quality. The efficient LED rope lights are integrated into the branches of the individual tree elements and can be easily linked with each other via connectors.

**C Wicker basket Christmas tree ring**, lower Ø 57 cm, upper Ø 38 cm, height 28 cm, this wicker basket is a decorative cover for Christmas tree stands and give your Christmas tree a rustic touch. The wicker ring is made of woven willow material. Price per piece. 5303.714.051.01 **dark brown 19,90**

## FLAME RETARDANT NORDMANN FIR WITH ICE

WITHOUT LIGHT

WITH LIGHT

- ✓ 150 - 240 cm
- ✓ fairy tale frosty look
- ✓ PE foils needle mix in premium quality

OUR BEST WITH THAT  
LITTLE EXTRA

The beautiful silhouette of this faux fir has a very realistic look, which is emphasised perfectly by the levelled branches and plenty of needles and ideally suited for hanging jewellery elements. Our **fir tree** is covered slightly with faux snow, which gives it a frosty-green, very realistic look. The needle mix version is injection-moulded and foil-cut offers a real premium quality. The efficient warm LED rope lights are integrated into the branches of the individual tree elements and can be easily linked with each other via connectors.

## THE MODERN STYLE

The affordable alternative in high quality! You can choose from 4 variants: green or snowy needle dress, with or without lighting. Our narrow artificial fir is available in four heights, ideal for placing in smaller rooms or narrow entrance areas. With its classic, soft needle dress made of our tried-and-tested PVC Luvii film in a rich 2-tone green, this artificial fir lends an elegant atmosphere to the festive season. Flame-retardant B1 quality and also suitable for public areas. The assembly is simple: put 3 handy individual modules together. To maintain the fullness and shape of the fir, fold branches outwards with a smooth folding mechanism, bend tips into a star shape.

## THE SLIM ONE

This slim fir tree impresses with its elegant appearance. This **slim fir** with its smaller diameter is perfect for decorating narrow spaces, stairs or entrances. The Christmas tree can be easily decorated and features some lush Luvii-foil needles which beautifully highlight Christmas balls, decor and garlands. Easy tree placement with only a few steps - the branches are attached to the trunk and you only need to unfold them and then push them apart a little bit to avoid unwanted gaps and that's it.

## THE NATURAL ONE

Nice, clean, safe - realistic tree with deceptively authentic artificial needles! This high-quality silver fir will bring joy and excitement for many years and is almost indistinguishable from a real fir tree. The colours of the needles range from a vibrant green to a light green and adds a sense of authenticity and freshness. The long branches hang slightly and come with a large number of needles made of a PE foils mix, which gives it a full and lush appearance. Easy tree placement with only a few steps - the branches are attached to the trunk and you only need to unfold them and then push them apart a little bit to avoid unwanted gaps. Done!

**D Silver fir, with LED light**, LED warm, Euro plug, 230 V, lead cable 130 cm, white cable

A classy and striking Christmas decoration! In this Christmas season, rely on plants and botanical elements and design your spaces a little differently - attach your Christmas decorations from a horizontally hanging fir tree. This decorative tree for hanging is a real eye-catcher and transforms every festively decorated table into a real work of art. The snow-covered branches made of PE look very realistic and can be attached directly to a trunk with a white birch look. The branches are bendable and can be brought into the desired shape.

## THE MAJESTIC

Beautifully decorated Christmas trees create a homely atmosphere in any setting. This **majestic silver fir** stands out thanks to its size as well as its timeless and elegant appearance, which makes for an impressive eyecatcher during the Christmas season. The Christmas tree is equipped with lush PE foil needles in a flame retardant quality and can be easily decorated - Christmas balls, decor and garlands are nicely highlighted here. Easy tree assembly with only a few steps - the branches are attached to the trunk and you only need to unfold them and then push them apart a little bit to avoid unwanted gaps and that's it. The artificial fir is equipped with a robust and stable metal stand for a secure placement in indoor and outdoor areas.

## GROWING GIANT TREE

The elemental system of this impressive artificial fir enables a flexible placement between 3.70 to 12.10 m in height. A special plug system in the branches offers a stable installation for indoor and outdoor areas. Quick assembly of up to 6.1m without any lifting equipment, the height can be increased with additional elements. Higher trees require lifting equipment.

Decorative wreath for the festive decorating of doors or tables during the Christmas season. The big advantage of an artificial fir wreath is that it does not lose needles and does not dry up. Metal wreath with branches made of Luvi material. To achieve the desired diameter bend the branches into shape.

## LED WIRE ROPE LIGHT INDOOR / OUTDOOR AREA

Fine, flexible fairy lights are ideal for creating flower arrangements, table decorations, glasses or vases as they do not generate heat. Sparkling light arrangements can be created quickly and immediately create the right Christmas mood. And if you want a little more sparkle, the ultra-thin LED light chains will bring a sparkle into your home or office all year round.

# LIGHT DECORATION ACCESSORIES

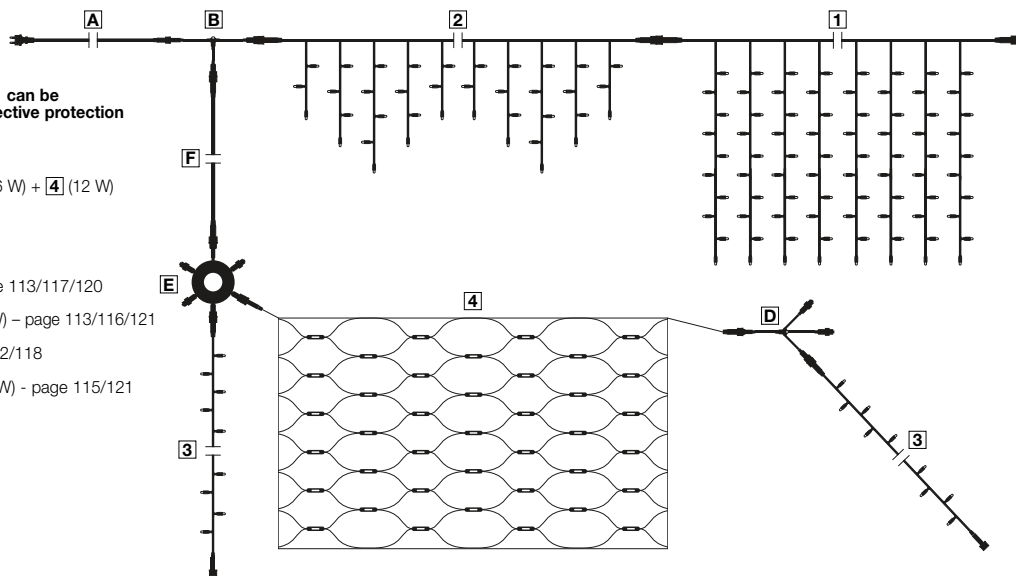

LED PROFESSIONAL SYSTEM IP67 FOR OUTDOOR USE / LED PROFESSIONAL SYSTEM IP20 FOR INSIDE

All articles on pages 112-121 can be interconnected in their respective protection class up to max. 450 watts.

Calculation example:

1 (60 W) + 2 (6 W) + 2x 3 (6 W) + 4 (12 W)  
= 90 W of max. 450 W!

- 1 Light curtain (60 W) – page 113/117/120
- 2 Icicle light (starting with 6 W) – page 113/116/121
- 3 Rope light (6 W) - page 112/118
- 4 Light net (starting with 12 W) - page 115/121
- A connection cable
- B T-connector
- C Distributor cable 2-fold
- D Distributor cable 3-way
- E Distributor ring 5-way
- F Extension cable

LED warm, Ø 5 mm LED, green PVC cable, lead cable 500 cm, IP 44 transformer, GS, Low voltage, incl. connection cable

**INCL. CONNECTION CABLE**

- ✓ Very good luminosity
- ✓ Lower power consumption than with 230 V
- ✓ Especially safe thanks to harmless low voltage
- ✓ Transformer with protection classification IP44
- ✓ Integrated connection cable

## DECO LED OBJECTS OUTDOOR AREA

**LED light net, for outdoor use**, the light and fine light net is a real all-rounder thanks to the countless installation options. The net makes for a very decorative lighting option as part of a Christmas lighting - a quick and easy decoration for windows, doors, trees and bushes in indoor and outdoor areas, it adds a special something for events such as exhibitions, special occasions or weddings, the year-round lighting can be attached to the ceiling and looks like a starry sky or used as a great party lighting in pavilions during the summer months. The light net is durable and safe thanks to the fine silver wire made of high-quality PVC coating, the LED have a longer lifespan thanks to low heat generation and a low power consumption. Plug adapter with contour plug, IP44 safety for short-term outdoor use, GS.LED warm, clear cable, lead cable 300 cm, 12 V

**QUALITY/PRICE TIP**  
**J** Snow wool  
from **12,90**

## #Decorating tip

Snow mats are ideal for the quick and consistent covering of coloured floors. Thanks to the volume of snow mats the result is a deceptively real snow landscape. The easy-to-handle wheels offer a variety of usage scenarios for large-scale winter decorations in shop windows, exhibition stands, Christmas markets or at parties and nightclubs.

## FLAME RETARDANT SNOW MATS

**Formable decorative snow**, white, the snow cotton wool made of fibreglass can be modelled into objects such as snowballs, snowmen or igloos. The artificial snow looks deceptively real even upon closer inspection and is reusable.

**A** Delivered with 2 rolls, approx. length 60 cm and Ø 40 cm, price per pack of 2 rolls. 5301.642.903.00 **7.5 kg** (1 kg: 10,65) **79,90**

# PAPER UMBRELLAS

**A Paper umbrella**, handmade paper umbrella in Chinese style from parchment-like paper and bamboo. For Asian flair in the wellness area, for example in a corner illuminated with some light, the decorative shade becomes a real eye-catcher. Suitable for painting and self-design, for photography props, theatre performances or decoration for parties, weddings, cosplay and much more. Foldable, with stable wooden struts and solid wooden handle. Batch-dependent colour variations are possible.

Application Example

# High-quality fabric banner

## Indoor & outdoor

The first impression counts! Textile banners are not only decorative, but also versatile. Shop windows, shop and promotional areas can be quickly redecorated to always remain interesting for customers. One-sided printed and UV-resistant textile fabric with a low own weight (110 g/m²). For wrinkle-free hanging indoors and outdoors, the fabric banner is equipped with a hanging strip and a stabilising rod at the bottom hem. Price per piece.

### Your banner

**Upon request:**

- custom motif
- for indoors & outdoors
- transparent or opaque
- flame retardant
- fabric, PVC, truck tarpaulin, paper, foil, etc.
- desired format
- desired thickness
- desired suspension
- desired material

# Textile banner made of 100% cotton

new in our portfolio

100 x 200 cm (W x L)

The high-quality motif banner made of 100% natural cotton (170 g/m<sup>2</sup>) is the ecological alternative to conventional prints made of polyester material! The used cotton fabric with one-sided digital print is especially tear-resistant and has a light resistance against sunlight. A cleanly sewn hem additionally prevents the fibre from fraying. The delivery incl. 2 round wooden poles with cotton cord for wrinkle-free hanging. Price per piece

## XXL FABRIC BANNER

**330 x 250 cm (W x L)**  
**400 x 300 cm (W x L)**

One-sided printed, weather-resistant and robust banner tarpaulin with fire protection certificate. Optimal for large-scale indoor and outdoor use, for example on exhibition stands, company premises or building facades. B1 certified (flame resistant according to DIN 4102) PVC-coated polyester fabric (550 g/m<sup>2</sup>). UV stabilisers to protect against fading and greying, very good light, weather and colour fastness, hardly absorbs any moisture, easy to care for and washable. With large metal eyelets for secure fastening. On request also with your desired motif. Please contact us. Please note a delivery time of about 5 weeks. 📦

## GREEN SUPERFOOD DUMMIES

The surprisingly authentic feel and the almost real weight make these replica almost indistinguishable from the original. Therefore, they are particularly useful in window displays as a substitute for perishable foods.

- ✓ real weight
- ✓ natural feel and grip
- ✓ light and form resistant
- ✓ washable up to 40°C

**Food replica**, the very realistic product quality make these articles almost indistinguishable from real food products. The natural grip and very realistic weight make them almost indistinguishable from real food. All articles are handmade in Germany and are inspired by a real life counterpart. Suitable as a replacement for perishable food products for shop window decorations, decor for specialty shops, teaching tools for schools and nutritional counselling, props for films, theatre, TV and food photographers.

## MAPLE

**A Autumn leaves panel**, brown/green, deceptively realistic look autumn leaves in various colours made of soft plastic, plastic mesh net, the panels can be arranged and fixated freely via eyelets in the mesh net, price per piece 5314.700.740.00 **50 x 50 cm 19,90**  
% from 6 pieces **17,90**

This impressive autumn tree is ideally suited for a no-maintenance decor in office areas as well as shop windows. The intense colours of the leaves are modelled after the Japanese maple tree. Made of high-quality fabric, they are very similar to the real counterparts in terms of colour, shape, leaf size and imprint. Price per piece.

**B Maple tree**, brown/orange, the plastic trunk and the bendable branches are beautifully covered in paper. The sturdy step socket ensures a secure stand.  
5314.661.652.00 **height 70 cm 29,90**  
5314.661.652.01 **height 160 cm 85,-**  
5314.661.652.02 **height 200 cm 115,-**

**Maple tree**, the artificial tree with a trunk height of approx. 130 cm consists of a plastic trunk in a wooden look, where the leaf top is mounted. The branches are delivered separately and just need to be plugged in, so they retain their shape during transport. To ensure stability the tree must be fixated to the floor using the provided metal stand (25 x 25) cm. ☑

## new in our portfolio

Artificial roses retain their shape and colour, they look beautiful and are ideally suited for festive occasions such as weddings, birthdays, anniversaries, Valentine's Day or Mother's Day. This decorative rose with a long stem and filled blossom is made of high-quality fabric material and looks very realistic.

**QUALITY/PRICE TIP**  
**F Fern bush board**  
only **19,90**

Beautiful and detailed artificial plant with leaves in different length and colour, made of high quality PE material. You can use these realistic looking faux plants as a low maintenance alternative to real plants - as decoration in hotels or restaurants, eye-catcher in foyers, offices and exhibitions or just an accessory in shop windows.

**A Plant hanger „Lady fern“**, green, plastic branches in various lengths, with plug stick 5304.684.156.00 **length 119 cm 13,90**

## FICUS BENJAMINI

**Ficus Benjamini Tree**, the ficus tree or Ficus Benjamini is one of the most popular classics among the artificial trees. A realistic decor with the typical vibrant blossoms, branched, dense treetop and the multi-part liana trunk made of real wood give this artificial ficus tree its natural appearance. Artificial plants can be used for many years, while retaining their beautiful appearance, they can also be set up in dark corners and require no care. Just put the artificial tree in an overpot and it is immediately ready for use and perfect as a decoration in the entrance, foyer, spa area or shop window. The plant comes planted in a pot made of plastic. Price per piece.

## LONG-TERM BEAUTY

**D UV protective spray**, 400 ml, UV protection and care spray for artificial plants, dried flowers and silk flowers, for indoor and outdoor use. The fine spray forms a protective layer, keeps artificial plants supple and prevents premature fading by sunlight. The colour quality is improved and reduces brittleness with dried flowers. Made in Germany, price per piece.

## HOUSEPLANTS

**Hanging orchid.** 40 cm long, orchid blossoms made of textile decorated on a plastic branch with moss and leaf green, eyelet to hang, price per piece

**A** 5302.719.520.00 **orange** **22,95**

**B** 5302.719.537.00 **purple** **22,95**

**C Hanging orchid.** 60 x 70 cm (w x l), orchid flowers made of textile, decorated on an artificial branch with moss, ferns and aerial roots made of plastic, natural cord to hang up, price per piece  
5302.719.544.00 **rose** **149,-**

This beautiful, artificial plant looks very realistic and is almost distinguishable from the real plant thanks to modern plastics and its natural colour and surface. Artificial plants are easy to maintain and clean off dust and dirt. The decorative plant comes in a pot and can be positioned out-of-the-box to lighten the atmosphere of dark rooms or staircases. Price per piece.

## HAMMER HARD ABS FIGURES

Very robust, light and versatile - this mannequin can do it all. The figure is made of recyclable ABS plastic and thanks to its low net weight it is very easy to handle and thus perfect for frequent change of clothing. The modern matt look and the abstract Egghead design can be adapted to any kind of fashion style. Plastic figures are almost unbreakable and very resistant to scratches and falls.

- ✓ movable magnet head
- ✓ recyclable ABS material
- ✓ extremely robust and impact resistant
- ✓ especially thick

**Mannequin „Solid White“**, with head, standing straight, the mannequin comes with a chrome-plated calf rod and base plate (35 cm) made of glass. Price per piece.

# METROPOLITAN

The slim fit, elegant position, abstract egghead design and the deluxe high-gloss finish make this mannequin an all-rounder for the presentation of fabrics and clothes. This high-gloss figure is durable and versatile, for the presentation of designer fashion as well as casual clothes or elegant robes. Made of PE plastic, it is odourless, recyclable, stable and very robust. This material is not only environmentally friendly, but also scratch-resistant and durable compared to fiberglass. So the figure takes little damage even if it falls over. The mannequin comes with a calf pin and base plate made of glass.

Female mannequin „Diva“  
 from **99,-**

- ✓ high quality made of fibreglass
- ✓ deluxe matt finish
- ✓ incl. glass base plate
- ✓ heel and calf pin

# DIVA

Inspired by the poses of big Hollywood divas and exceptionally large in size, these graceful female mannequins look extravagant and expressive at the same time. Modern, glamorous, youthful, minimalist - with semi-abstract heads and elegant poses, the female figures express the current lifestyle and zeitgeist.

**Female mannequin „Diva“, size 190 cm**, white, 13 kg, with head, dress size 36, shoe size 39, measurements 85/64/87 cm, fibreglass with high-quality matt finish varnish. The mannequin comes with a heel and calf pin and a square base plate made of glass. Approx. heel height 14 cm. Price per piece.

## ECO-FRIENDLY MANNEQUINS

Elegant shop window mannequin with common model dimensions. The professional shop window mannequin is versatile with movable head and arms, a movable leg and a movable hip to present a variety of clothing styles. The mannequin is equipped with an aluminium calf pin as well as a base plate made of glass to ensure a stable stand. The lightweight product made of recyclable polyethylene (PE) plastic is not only environmentally friendly, but also durable and robust.

**K Male slip torso**  
only **32,90**

height 45 cm

**H Female slip torso**  
only **19,90**

height 71 cm

**J Female torso**  
only **44,90**

height 71 cm

**G Female bust torso**  
only **19,90**

height 29 cm

Self-standing female torso for the presentation of lingerie sets and clothing. The advantages of a torso are the ease of use - they can be transported easily, because they are much lighter than a complete mannequin. Due to the lower overall height of the torso it can be placed on a table in your shop at an eye level. The torso is made of very stable plastic with silky matt surface and comes without a base stand.

**E Female, height 81 cm**

*Sustainability is the future*

**Meadow grass Eco bracket**, brown mottled, this line of hangers combines sustainability and the presentation of your fashion! Made of organic grassland material, the eco-friendly hanger is a greener alternative to wood. This hanger is a mix of grass material and bio-degradable plastic and even meets the stringent requirements of the EN 71-3 toy standard. The positive environmental balance of these hangers is very convincing. Flat, space-saving shape with a pigmented brown surface and matt nickel-plated hook Ø 4 cm. Quality product „Made in Germany“.

**SUPER PRICE**  
from 0,85

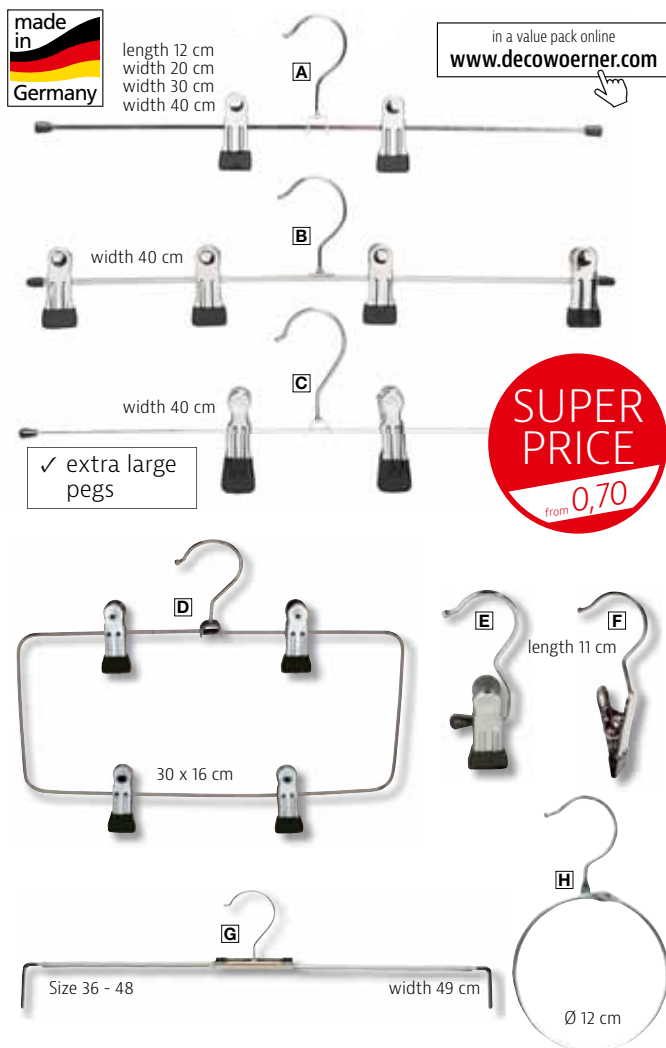

Great stability and versatility are the main features of these metal hangers. They fit into almost any shop concept and stand out thanks to their timeless design and functionality; the shaped head keeps collars and clothing in great shape and is ideally suited for hanging up jackets, shirts or blouses. The non-slip rubber coating prevents the garment from slipping. Water-resistant. With chrome-plated hook. Premium quality product „Made in Germany“. Price per piece.

✓ stable 5 mm frame

These modern designer table sets focus on the contrast between shapes and materials. The minimum thickness of a square frame gives it a simple purity and guarantees plenty of stability. The high-quality coating prevents rust and corrosion and guarantees durability and stability for your construction.

## MARKET WAGON COMPLETE

long. 150 cm

### „BASIC“

**A Market trolley „Basic“**, 90 x 150 x 82 cm (W x L x H), put your products in the spotlight with the extraordinary and mobile presentation trolley! The market trolley can be used in many different ways as a sales table in the shop, a presentation table in the supermarket or as a buffet trolley for large and small occasions in gardens or event areas. The decorative trolley is weatherproof and very durable thanks to the high-quality manufacturing process. The total load capacity of the trolley is approx. 65 kg. Delivered in a disassembled state with instructions for a simple DIY assembly. Please note a delivery time of 6 weeks.

The base frame is made of robust, varnished metal with wheels and low-maintenance, solid rubber tires. A solid wooden brake block is included to prevent the trolley from rolling away. The wooden board is made of robust mango wood with a rough grain, which can be used in the manufacturing of furniture as well as other areas. The board is covered with clear varnish, which makes it weather-proof and suitable for outdoor use. ☑

#Decorating tip

A trend that is currently causing a sensation: airy, light hanging decorations made of wooden ladders. This floating ladder construction is practical, effective and can be used in a wide range of applications. Hang lamps, crockery or textiles, for example. Your goods are sure to be perfectly presented and become a real eye-catcher.

**A** **Wooden miniature columns set Nature**, 20 x 30 x 20 and 17 x 20 x 17 cm (W x H x L), decorative wooden columns are perfect for jewellery, decorative objects or small sculptures, ideal for stylish and custom design of showcases and counters, price per 2-piece set

## #Decorating tip

Decorative grills are very useful to present goods in a striking way. The grill display is an essential accessory for presenting products thanks to its versatility and effective use of the space. A number of variations allow you to easily change the presentation and give your shop windows an interesting and pleasant appeal. After you installed the display, the creative possibilities are endless and you can either present decorations or a selection of products. Light sources above the grill and on the ceiling are still the best placement for the light thanks to the „transparency“ of the grill.

## FLAME RETARDANT FOIL IN A PUNCHED-OUT DESIGN

### 16 COLOURS TO CHOOSE FROM

Shine and glitter - you can create some impressive decorations and effects with this extraordinary „blossoms“ foil. The decorative foil is flame retardant and ideal for decorations in public buildings, shopping malls or exhibitions. The 35 my vinyl foil is made of punched-out blossoms on one side and is a great eyecatcher for a number of decorations such as presentation areas, covering walls or floors in shop windows, as table decoration, party decor or for costumes and carnivals. The foil adds the perfect ingredient for any sophisticated design - attention! Please note: due to technical reasons, if you order at least 9 m you receive rolled goods of 9.2 m per roll. Custom cuts with varying dimensions are possible, the price for every custom cut is 2.50 €. Price per m.

**A** Standard  
artificial turf mat  
from **14,95** /m<sup>2</sup>

**B** Standard  
artificial turf roll  
only **14,95** /m<sup>2</sup>

7 mm pile height

Artificial turf is the perfect flooring for many indoor and outdoor areas. It creates a natural atmosphere on the terrace or balcony and is the perfect solution for commercial areas such as trade fairs, events, hotels, etc. as it complies with fire safety standards in public buildings. The high-quality production of environmentally friendly polypropylene makes it extremely durable and sturdy - artificial turf is colour-fast, easy to clean, withstands high loads and straightens up immediately. Its particularly soft structure is the result of the tufted production process. Latex back coating for better stability. The lawn carpet can be easily cut to the appropriate size without fraying, which makes it easy to install.

**A Standard mat**, 200 x 100 cm, 7 mm pile height, fire safety classification EN 13501-1, class Cfl-s1, price per piece

## GLOSSY VARNISH FOIL

**A** width 130 cm, 180 my, ca. 240 g/m<sup>2</sup>, PVC, our lacquer foil impresses with its premium quality finish - tear-resistant, lightfast, colourfast and also available in flame-retardant on request. Due to its thickness, lacquer foil is ideal for use as a stretch ceiling. Lacquer foil is used as a surface covering for events, trade fair construction, exhibitions and market stalls. It is ideal for marquee sets, festivities, summer parties and outdoor events, in the catering sector and for party and catering services. For individual and fancy decorations or costumes, lacquer foil is very easy to process, cut, glue, weld or staple. The film has a glossy film and is opaque, conformable, easy to clean and wipe clean. Choose from our wide range of colours and benefit from our great price/performance ratio. The lacquer film is supplied duplicated for production reasons and is supplied, for example, as a 2 x 1 m blank when ordering 2 m, with the glossy sides on top of each other for protection. Price per m.

# UNWINDER

## EXCLUSIVE SERIES VARIO

✓ jagged knife for paper and foil

The VARIO line comes with a serrated blade as standard for tearing paper or various foils. The rolls can be changed quickly and easily because the VARIO unwinder has a foldable tearing rail and comes with an extended axle fixture. The VARIO system offers a very sturdy construction which makes it possible to be operated with only one hand. Springy tearing rail for consistent pressure und optimised tearing, replaceable rigged rail for paper and foil as well as matt black carrying elements made of high-quality polyamide. Applicable for paper and foil rolls up to Ø 24 cm and max. 24 kg. - „Made in Germany“ is synonymous for safety and quality. Price per piece.

## SERIES ZAC

The practical one-handed operation and overall functionality of this dispenser series stand out. The springy tear-off rail ensures constant pressure, good separation and reels can be changed quickly and easily by simply folding. Dispensers of the series „ZAC“ are suitable for paper and foil rolls with a diameter of up to 22 cm and a weight of max. 20 kg thanks to the standard tear-off rail. „Made in Germany“ stands for safety and quality. Price per piece

## SATIN RIBBON

**A Satin ribbon**, double-sided satin ribbon with a smooth, slightly glossy surface. Thanks to the refined shine of satin, this fabric ribbon is ideal as a glamorous decorative ribbon for many occasions - for example wedding decorations, Christmas decorations, baptisms or a card ribbon. It gives gifts a high-quality look when used as a bow or gift ribbon. selvedge without wire inlay, 100% polyester

**WE'VE GOT YOU!**

Just get in touch with us:

+49 (0) 71 31 4064-724 - Ms. Aboud

[projects@decowoerner.com](mailto:projects@decowoerner.com)

*The needs and requirements of all our customers are very different. That's why we place our focus on your specifications, project-related requirements and the most effective presentation of your goods. We offer a professional all-inclusive service with assembly, dismantling and storage as well as the development of prototypes and samples. Your wish is our command.*

## OVER 96 YEARS OF EXPERIENCE

After more than 100,000 customised products & projects there is almost nothing we have not seen yet! You benefit from our experience and almost a century of market and product know-how.

## IN-HOUSE DESIGN DEPARTMENT

Individuality is key! Our creative team is happy to help with designs and suggestions for the development of samples/prototypes, custom products and suggestions for the optimisation of articles.

## 360° SERVICE

We have an eye on the big picture as well as on the smallest details. Whether you need in-house development, storage - before or after the purchase -, installation service or the procurement of certificates: we offer a wide variety of services.

## LOGISTICS & PRODUCTION

Our efficient logistics centre is able to handle large international corporate orders and different branches with just-in-time delivery. We deliver on time thanks to our audited, worldwide network of suppliers and manufacturers.

# General terms and conditions for commercial customers and freelancers (Last updated 28.04.2021)

## § 1 General - Scope

(1) Heinrich Woerner GmbH (hereinafter referred to as WOERNER) offers and renders all services only on the basis of its general terms and conditions. These contractual terms and conditions shall apply exclusively to entrepreneurs within the meaning of §14 BGB (German Civil Code). Separate contractual conditions apply to consumers. (click here)

(2) All agreements made between WOERNER and the customer for the purpose of executing this contract are set out in writing in this contract.

(3) The terms and conditions of the contract shall apply exclusively; terms and conditions of the customer that conflict with or deviate from the terms and conditions of the contract shall not be recognized unless WOERNER expressly agrees to their validity. The contractual terms and conditions shall also apply if WOERNER carries out the delivery to the customer without reservation in the knowledge of conflicting or deviating terms and conditions of the customer. The contractual conditions shall also apply to future transactions with the customer, even if they have not been explicitly included again in such transactions.

## § 2 Offer

(1) Advertisements, catalogs and especially the presentation of the goods in the online store do not constitute a binding offer for the sale of the goods by WOERNER.

(2) The customer may submit the offer by telephone, in writing, by fax, by e-mail or via the online order form integrated in the online store. In case of an order via the online order form, the customer, after entering his personal data and by clicking the button „Buy“ in the final step of the ordering process, submits a legally binding contract offer with regard to the goods contained in the shopping cart.

(3) WOERNER can accept the customer's offer by a written (letter) or electronically transmitted (fax or e-mail) order confirmation or by immediate delivery of the goods. Only by this the sales contract is concluded. WOERNER is entitled to refuse the acceptance of the order. This applies in particular if a product is not available despite timely disposition for reasons beyond WOERNER's control.

(4) Order processing and contacting usually take place via e-mail and automated order processing. The customer has to ensure that the e-mail address provided by him for order processing is correct, so that e-mails sent by WOERNER can be received under this address. In particular, when using SPAM filters, the customer must ensure that all e-mails sent by the seller or by third parties commissioned by the seller to process the order can be delivered.

(5) For the countries Germany, Austria, Switzerland or France, a small quantity surcharge of EUR 10.00 net shall apply for orders with a goods order value of less than EUR 30.00 net. For all other countries, a minimum quantity surcharge of EUR 15.00 net shall apply for orders with a goods order value of less than EUR 100.00 net.

## § 3 Place of performance/transfer of risk

(1) The place of performance for the mutual performance obligations shall be the branch office of WOERNER.

(2) The risk of accidental loss of the goods shall pass to the customer upon handover to the carrier. WOERNER shall insure the goods at the customer's expense against the usual transport damages at the customer's request.

## § 4 Delivery

(1) Unless expressly stated, delivery dates quoted are non-binding.

(2) Compliance with delivery obligations shall be subject to the timely and proper fulfillment of the customer's obligations. WOERNER reserves the right to plead non-performance of the contract.

(3) If the customer is in default of acceptance or culpably violates other obligations to cooperate, WOERNER shall be entitled to claim compensation for the damage incurred in this respect, including any additional expenses. WOERNER reserves the right to assert further claims.

(4) If the conditions of paragraph three exist, the risk of accidental loss or accidental deterioration of the goods shall pass to the customer at the time the customer is in default of acceptance or debtor's delay.

(5) WOERNER is entitled to make partial deliveries as far as they are reasonable for the customer. These are independent services and can be invoiced independently.

## § 5 Prices and terms of payment

(1) The stated prices are net prices plus VAT and are valid „ex works“. The costs for special packaging requests are to be borne by the customer.

(2) Unless otherwise stated in the order confirmation, the purchase price (without deduction) is due for payment within 14 days from the invoice date.

(3) For new customers and all orders via the online store via the Internet and orders from abroad, the customer is obliged to pay in advance unless otherwise agreed. In this case WOERNER is obliged to ship the ordered goods within 14 days after receipt of payment, unless otherwise agreed.

(4) If the customer does not pay due invoices, exceeds a granted term of payment or if the financial situation of the customer deteriorates after the conclusion of the contract or if WOERNER receives unfavorable information about the customer after the conclusion of the contract which calls into question the solvency or creditworthiness of the customer, WOERNER is entitled to provide further services only against advance payment. This applies in particular as soon as an application for the opening of insolvency proceedings is filed.

(5) The customer shall only be entitled to set-off rights if his counterclaims are legally established, undisputed or acknowledged by WOERNER. Furthermore, he shall only be entitled to exercise a right of retention insofar as his counterclaim is based on the same contractual relationship.

(6) The customer shall be in default without any further declaration by WOERNER 14 days after the due date of payment. In the event of the existence of defects, the customer shall not be entitled to a right of retention insofar as this is not in reasonable proportion to the defects and the anticipated costs of subsequent performance.

(7) Unless otherwise agreed, shipping costs shall also be borne by the customer. The shipping costs by delivery countries can be found in the webshop under: „Our delivery countries“.

| Parcel shipping costs | per order |
|-----------------------|-----------|
| Germany               | 7,50 €    |
| Austria               | 9,50 €    |
| France                | 20,00 €   |
| Spain                 | 25,00 €   |
| Belgium               | 20,00 €   |
| Netherlands           | 20,00 €   |
| Denmark               | 20,00 €   |
| Italy                 | 25,00 €   |
| Sweden                | 30,00 €   |
| Portugal              | 30,00 €   |
| Switzerland           | 30,00 €   |

Shipping costs for other countries and freight forwarding shipments according to the shipping costs table in the webshop.

Bulky goods are charged at a flat rate:

Germany: parcel price + 20,00 €  
Abroad: parcel price + 30,00 €

For details, please refer to our table in the webshop at [www.dekwoerner.de](http://www.dekwoerner.de). Countries not listed are available on request. Island surcharges are always calculated separately.

In the case of orders from outside the Federal Republic of Germany, any additional public costs such as customs duties, import/export duties, etc. shall also be borne by the Customer.

(8) The EURO shall be the currency for payment of the purchase price. All prices refer to EURO. A change in the currency parity for orders from abroad has no influence on the purchase price owed. The purchaser shall bear the currency risk in this respect.

(9) Payment by credit card. The credit card will be charged upon completion of the order.

## § 6 Retention of title

The goods remain the property of WOERNER until complete fulfillment of all claims WOERNER has against the customer arising from the business relationship.

In case of resale of the goods, the customer hereby assigns his claim from the resale against his buyer with all ancillary rights to WOERNER by way of security, without the need for any further separate declarations. However, the assignment shall only apply to the amount corresponding to the price of the goods invoiced by WOERNER. The part of the claim assigned to WOERNER shall be satisfied with priority.

## § 7 Obligation to give notice of defects

If the customer is a merchant according to § 1 HGB (German Commercial Code), claims for defects of the customer presuppose that the customer has duly fulfilled his obligations to examine the goods and to give notice of defects according to § 377 HGB. Any defects discovered must be reported in writing without delay.

A customer who is not a merchant according to § 1 HGB is obliged to notify WOERNER of a defect in writing within two months after the time at which he has discovered the defect. This provision does not constitute a preclusion period for the customer's rights in respect of defects.

If the shipment is at the risk of WOERNER, the customer is obliged to notify the carrier of obvious transport damages upon acceptance of the shipment. In the event of transport damage, the customer must also retain the original packaging and document any packaging defects, insofar as this does not represent an unreasonable effort. Insofar as WOERNER cannot assert claims for compensation against the carrier due to a breach of these obligations, the customer shall be liable for damages in the event of a culpable breach of these obligations.

## § 8 Warranty rights

(1) Claims for defects shall not exist in case of only insignificant deviations from the agreed quality or only insignificant impairment of usability.

(2) WOERNER shall be entitled to remedy the defect or to deliver a new item. In the event of rectification of the defect, WOERNER shall be obliged to bear all expenses necessary for the purpose of rectifying the defect, in particular transport, travel, labor and material costs, insofar as these are not increased by the fact that the purchased item has been taken to a place other than the place of performance.

(2) If the supplementary performance finally fails or if it is not reasonable for the customer, the customer shall be entitled, at its option, to demand rescission or reduction in accordance with the statutory provisions.

(4) If the supplementary performance is carried out by way of a replacement delivery, the Customer shall be obliged to return the goods first delivered to the Seller within 30 days at the Seller's expense. The return of the defective goods shall be made in accordance with the statutory provisions.

(5) WOERNER may refuse subsequent performance if it would involve disproportionately high costs. In particular, the value of the item in a defect-free condition, the significance of the defect and the question of whether another type of subsequent performance would not result in a significant disadvantage for the buyer shall be taken into account.

(6) Claims for defects do not exist for:

- Defects in custom-made products based on the Buyer's design specifications.
- Damage resulting from normal wear and tear or improper handling.
- Technologically justified deviations in dimensions, form, material-related color deviations that cannot be remedied and for colors that do not match exactly in the case of several items of the same type that are customary in the industry.

(7) The customer undertakes to assert his warranty claims in the case of mail order purchases via WOERNER's claim forms, provided they are enclosed with the shipment.

## § 9 Liability for defects

(1) WOERNER is liable for intent and gross negligence of a representative or vicarious agent according to the legal regulations. Apart from that WOERNER shall only be liable according to the Product Liability Act,

for injury to life, body or health or for culpable violation of essential contractual obligations.

(2) Damages due to gross negligence as well as the violation of essential contractual obligations, which have not been committed intentionally, are limited to the foreseeable damage typical for the contract, if no injury to life, body or health is given.

In the event of liability due to delay in performance, WOERNER's liability for damages in addition to performance shall be limited to 10% of the value of the order and for damages in lieu of performance to 50% of the value of the order.

In the event of liability due to impossibility of performance, the customer's claim for damages in addition to or in lieu of performance and for reimbursement of futile expenses shall be limited to 50 % of that part of the delivery which cannot be used due to the impossibility.

Damages to other legal assets of the customer shall be excluded entirely if they are not based on intent or gross negligence or injury to life, body or health.

(3) The provisions of paragraphs one to three shall apply to damages in addition to performance and damages in lieu of performance, irrespective of the legal grounds, in particular also to claims in tort. They also apply to the claim for compensation for futile expenses.

## § 10 Statute of Limitations

(1) Insofar as a new item is the object of delivery, the limitation period for claims for damages due to defects - irrespective of the legal grounds - shall be one year.

(2) The limitation periods according to paragraph one shall also apply to other claims for damages against WOERNER, irrespective of their legal basis. They shall also apply insofar as the claims are not related to a defect.

(3) The limitation rules of paragraphs one to two shall only apply subject to the following provisions:

(Instead, the statutory provisions shall apply)

a. The limitation periods shall generally not apply in the event of intent.

b. The limitation periods shall not apply if WOERNER has fraudulently concealed a defect.

c. The limitation periods shall not apply to claims for damages in cases of injury to life, limb, health or freedom, in the case of claims under the Product Liability Act, in the case of a grossly negligent breach of duty or in the case of culpable breach of essential contractual obligations.

## § 11 Copyrights/Competition Rights/Trademark Rights

(1) Insofar as the customer provides templates or design elements such as texts, photographs, data sets and graphics for the product design, or provides corresponding specifications for the product design, the customer assumes that no copyright, trademark or other rights of third parties exist for these or that the necessary approvals have been obtained.

(2) In this respect WOERNER shall not be liable to the customer for the infringement of third party rights.

(3) The customer agrees to indemnify WOERNER from all claims of third parties, which arise against WOERNER due to a customer behavior contrary to paragraph 1.

## § 12 Miscellaneous

The law of the Federal Republic of Germany shall apply; the validity of the UN Convention on Contracts for the International Sale of Goods is excluded.

If the customer is a merchant according to §1 HGB (German Commercial Code), the place of jurisdiction is WOERNER's place of business; however, WOERNER is entitled to sue the customer at the court of his place of residence.

## Data protection notice - Conversion Tracking

We use the online advertising program „Google AdWords“ and, as part of Google AdWords, conversion tracking. The cookie for conversion tracking is set when a user clicks on an ad placed by Google. These cookies lose their validity after 30 days and are not used for personal identification. If the user visits certain pages of the AdWords customer's website and the cookie has not yet expired, Google and the customer can recognize that the user clicked on the ad and was redirected to this page. Each customer receives a different cookie. Cookies can therefore not be tracked across AdWords customers' websites.

The information obtained using the conversion cookie is used to create conversion statistics for AdWords customers who have opted for conversion tracking. Customers learn the total number of users who clicked on their ad and were redirected to a page tagged with a conversion tracking tag. However, they do not receive information that personally identifies users.

If you wish to disable conversion tracking cookies, you can set your browser to block cookies from the domain „googleadservices.com“.

Further information on the topic „data protection“ within the framework of the online advertising program Google AdWords can be found here: [http://www.google.de/privacy\\_ads.html](http://www.google.de/privacy_ads.html).
